

# IDOT announces opening of additional roads, including Illinois 100 between Hardin and Kampsville

January 6 2016 4:05 PM

Illinois Department  
of Transportation  
Division of Traffic Safety

**COLLINSVILLE** – The Illinois Department of Transportation announces the **OPENING** of the following roads: **IL 100** between Hardin and Kampsville; **IL 100** from Rt 16 to Rt 3 is open to local traffic only; and **IL 155** west of Ruma.

These roads are still **CLOSED** due to the major flooding within the area: **Brussels Ferry**; **IL 3 truck bypass** in Chester; **Kaskaskia Street** in Chester; **IL 143** west of IL 255 in the Wood River Area; **IL 100** north of Kampsville to Pearl, IL remains closed to through traffic; **IL 100/96** intersection; and **US 67** southbound into Missouri is closed at the Clark Bridge over the Mississippi (northbound is still open).

Several Levee Districts within District 8 have installed flood control gates. These efforts have closed **IL 3** near Cora.

Within the next 24 hours, the Rivers forecast suggests no further closures will be needed within District 8.

The department will continue monitoring state roadways in the affected areas of Illinois. Flooding has or will require closure of State Highways and ferries along the Illinois and Mississippi Rivers as well as several creeks and streams. Over the next several days, we will provide updates, as warranted, when developments occur.

Traffic control devices and directional signage, including dynamic message boards, have been deployed to guide motorists safely around major closures. Travelers are advised to consider alternate routes or allow additional time to travel known flood prone areas. Regardless, all motorists are urged to be patient, reduce speed and exercise added caution throughout the Metro East region – as traffic patterns and travel times will likely be affected.

Since this is a very dynamic situation, please see the Department's website, <http://www.idot.illinois.gov/home/Comm/emergency-road-closures>, for the latest information on roadway closures throughout Illinois. Detailed information on the Metro East is also available at <http://apps.dot.illinois.gov/stl-traffic/>.
