The Anderson Hospital Foundation enables longevity of a donor gift and offers donor opportunities such as endowments, planned giving, charitable gift annuities, grants, memorials, bequests, naming rights, annual campaigns, and future capital campaigns. A governing Board of Directors focuses solely on contributions, prospecting and obtaining new donors, while making certain sound planning investments are made for the foundation, all creating an increase of income revenue for the hospital.

Anderson has been making a difference in the healthcare of Madison County residents since 1977. We are an independent, not for profit hospital dedicated to creating a health care setting in which quality of life and service excellence are experienced by our patients, their families, our staff and the community. In an effort to recognize Anderson Hospital as a charitable organization within our community, the Anderson Hospital Foundation was established in 2011.
