ALTON - Kyle Ketterer, center, of the Alton Memorial Hospital Intensive Care Unit is congratulated by AMH Dave Braasch and Kari Fritz, manager of ICU, after Kyle earned the AMH August Employee Recognition Award.

Dr. Narine Sargsyan, the hospitalist who nominated Kyle, said that “Kyle is the perfect example of professionalism. Kyle remains calm and professional in the most stressful situations. He effectively communicates with all physicians and staff involved in his patient care assignments. Kyle is able to multitask like no other I have seen. He is a team player; if a co-worker is struggling, he jumps in and lends a hand to assist.”
