

Post-Asthma Walk Report; "We were tiny, but mighty!"

May 10 2012 9:31 AM

Friends & Donors!

As you know, we held our Annual Asthma Walk, last Saturday, May 5 at Glazebrook Park, in Godfrey, IL.

Didn't we get a beautiful day?

At present, we raised close to \$1,100 in actual checks received & pledges!

This is "short!" So, I am continuing to make contacts!

"L" is for Lungology!" --- will keep going, it's a whole Study to keep alive, preserved & promoted!

*

For our "L" is for Lungology TEAM, we were dedicated to the children with asthma, dealing with this chronic lung disease!

We were small in numbers . But, we walked with one thought in mind. And, that was for "the kids!"

We had a terrific day, lots of sunshine!
Registration, healthy snacks & plenty of water & iced tea!

Estimating, we circled our section 3 times!

Winding down, we met up with our Godfrey Mayor, Mike Mc Cormick & took PIX!

The Mayor secured our "Asthma Walk" reservation for next year at Glazebrook Park.
Hooray!

And, the ALA provided a terrific lunch, fresh fruit, sandwiches & chicken & salad, too!
Plus, delicious cookies!

*

Wrapping up:

The goal is to hold our Annual Asthma Walk, on every 1st Saturday in May!

We know that, we can mark our calendar's for next year!

"M" will be: "M" is for Making a Difference: On a Mission!"

It's all for our ALA children attending the Summer Camp & Asthma Workshops" at SIU-E Campus, which will continue as an Annual Event, as long as it is successful!

*

Now, the ALA have started to get the word out about their Summer workshop!

More details on that, soon!

Thank you for your interest & support!

More to come!

"After all, if you can't breathe! What else matters?"

Jaris, Honoree ALA Chairman

The date of the children's camp is Saturday, August 11!
