CARROLLTON - Emily Struble has been an extraordinary athlete at Carrollton as a success story in every sport - volleyball, basketball and softball. What she may be most known for, however, is her academic success.

Struble was recently honored with an Academic All-State listing during the basketball season. She is ranked No. 1 in her class of 2017 at Carrollton High School.

“Emmie has always been a strong competitor whether it be in a class room or at a sporting event,” her mother Amy, said. “Mark and I are proud of her accomplishments, and her ability to be highly successful in school while managing three-sport seasons. We look forward to seeing her play softball college at Olivett while pursuing a degree in Chemical Engineering.”

Emily Struble’s High School Accomplishments
