ABOUT KIDS FIRST LEARNING CENTER:

KFLC is designed with the following purpose in mind:

* To offer preschoolers a safe, caring, and loving place to come while away from their parents.

- * To offer parents a safe, caring, and loving place to bring their children while they tend to other needs.
- * To teach social skills, including how to interact with others and how to overcome separation anxiety.
- * To teach basic age-appropriate educational skills.

KFLC's developmentally appropriate curriculum provides hands-on learning activities for each child that focus on fine and gross motor skills, music, art, science, math, and language. KFLC is designed to help children develop in age-appropriate ways. Each classroom will seek to provide every child with intellectual, emotional, social, physical, and spiritual development.
