

# **Alton Fire Department responds to crash at Clark Bridge Tuesday morning**

May 16 2017 10:38 AM

ALTON - Alton Fire Department members and ambulance responded to an accident near the Clark Bridge on Landmarks Boulevard in Alton about 8:54 a.m. Tuesday.

The accident involved a SUV and white DirecTV van. The SUV apparently rear-ended the van. The person driving the SUV refused medical treatment, Alton Fire Department Battalion Chief Tom House said, while the person in the van was transported to a local hospital for minor injuries and treatment.

House said the cleanup was relatively easy, with only broken glass from a shattered rear window to clean up and removal of the vehicles.
