"We remodeled the inside of our location from head to toe," Ramadan said. "We did the ceilings, the flooring, and set up a pretty nice site. I have a restaurant in Alton - Wise Guys - and have been with it about six years and wanted to add another business. Wise Guys has been very successful.

"We think this new business will also be successful. We do have the best prices right now and it is all great stuff from top-notch brand. We encourage people to come out and visit us."
