May 9 2013 11:21 PM

Crazy Beaver Pizza Lodge in Grafton, Illinois has weathered the storms and high water, remaining open throughout spring of 2013. The restaurant that's known for its excellent Northern Italian pizza also features salads, appetizers, wine and craft beers in a unique building with a veranda across the front and a large deck over a spacious patio bar.

The tables and most of the seating is hand-made – all adding to the restaurant's backwoods motif. Come up for lunch on Friday!
