GODFREY, IL. March 26, 2019...The RiverBend Growth Association announces its newest members:

- **Catching Memories Boutique Photography:** “Hi, my name is Debbie Freeman; I have been a photographer for 30 yrs. a Newborn photographer for eight. I have added maternity photography to my list of specialties. It seemed like a natural choice. I have a double studio in my home to help me create the perfect experience that allows me to give you the images you will cherish for years. I have a waiting area closely adjoined to the studio for those not included in the session. I must limit the studio area to those who are being photographed. I shoot newborns up to 12 days old. The key to a successful session is a deep sleeping baby! Newborn sessions can last up to 4 hours to allow for feeding, settling or changing the baby. Younger babies are also more flexible at this time that helps us achieve the curly wrap poses. Babies older than two weeks tend to be more alert and a bit restless which makes it more difficult to capture the images you chose at the consultation. Soon after your baby has arrived please contact me so I can rearrange my schedule if necessary. I do offer milestone packages. I continue to educate myself with online training to keep up with the changing industry. I can shoot traditional or custom sessions with a unique experience and quality products. I also shoot seniors and families,” Debra Freeman, Owner/Operator. 618-377-0671. 931 W. Corbin St. Bethalto, IL. 62010.
