

Anderson Healthcare Breaks Ground on First Building of New Medical Office Campus

May 27 2019 8:58 AM

EDWARDSVILLE - Today representatives from Anderson Healthcare, SSM Health Cardinal Glennon Children's Hospital, City of Edwardsville, Korte Construction and other community supporters ceremoniously broke ground on a one story building that will house the Anderson Surgery Center and an SSM Health Cardinal Glennon Children's Hospital Specialty Clinic.

The Anderson Surgery Center will provide an array of services for both adults and children. “Our plans are to provide an exceptional facility and patient experience,” said Lisa Klaustermeier, Anderson Hospital Chief Nursing Officer. “The surgical center will include private patient pre and post-operative areas, two operating rooms and a procedure room. A lab draw station and plain film x-ray machine will be on site to complement surgical services as well as provide an additional outpatient service to local residents.”

SSM Health Cardinal Glennon Children’s Hospital will be the pediatric partner, in partnership with SLUCare Physician Group, in this unique facility. “Anderson Hospital and SSM Health Cardinal Glennon Children’s Hospital have a longstanding relationship that has enhanced pediatric services in Madison and our surrounding counties,” said Keith Page, Anderson Hospital President and CEO. “This facility continues that partnership while also offering exceptional outpatient surgery options for adults and children.”

The building is anticipated to be complete by summer 2020. The project cost is \$8.5 million. Three additional buildings are planned in the future for the complex and may include a physician office building, urgent care center and imaging center.

Anderson Goshen Campus -- A Preliminary View

A Unique Medical Campus on Goshen Road, Edwardsville

Anderson Healthcare is pleased to announce plans to expand access to medical services in the Metro East. The expansion involves development of a 10-acre parcel of land on Goshen Road in Edwardsville across from the YMCA Goshen Center. The planning objectives are to create a medical office campus for the benefit of the

surrounding community as well as future developments within in the limits of the I-55 corridor planning area.

Project Highlights:

- The medical complex will be known as Anderson Goshen Campus. The first building will be a one-story ambulatory surgical treatment center and pediatric specialty clinic located on the southwest corner of the site. The surgery center will provide an array of services for both adults and children.
- SSM Health Cardinal Glennon Children's Hospital has signed a letter of intent with Anderson Hospital to be the pediatric partner, in partnership with SLUCare Physician Group, in this unique facility.
- The surgical center will include private patient pre- and post-operative areas, two operating rooms and a procedure room.
- A lab draw station and diagnostic imaging equipment will be on-site to complement surgical services, as well as provide an additional outpatient service to local residents.
- Future plans for the property include three additional buildings which may be a physician office building, urgent care center and imaging center.

Project Timeline:

The new ambulatory surgical treatment center and pediatric specialty clinic is subject to approval by the Illinois Health Facilities and Services Review Board. Anderson Hospital anticipates approval from the state by the end of 2018 with groundbreaking expected in early 2019.

- Certificate of Need (CON) to State of Illinois -- July 2018
- CON approved -- Fall 2018
- Groundbreaking -- Spring 2019

Project Cost:

- \$8.5 million (projected)
