EDWARDSVILLE - The Goshen Road Improvement Project in Edwardsville started in full gear on Monday, June 3.

Keller Construction Inc. placed the road closure signs and construction supplies arrived early Monday.

“The project includes storm sewer, curb and outer and installation of concrete pavement,” said David Sirko, P.E. assistant city engineer for Edwardsville.

Goshen Road will be closed to all traffic between District Drive and Gusewelle Lane and to through traffic from Gusewelle Lane to Ridgeview Road. The project is expected to be completed by early August 2019.
