

The City of Edwardsville Water Division is Conducting the Annual Hydrant Flushing Program .

October 3 2019 3:15 PM

The City of Edwardsville Water Division is conducting the annual hydrant flushing program.

As part of our regular maintenance program, the City of Edwardsville Water Division will be flushing water hydrant s. This program began on Tuesday, September 3, 2019, and will continue with Route 4, 5, & 6 next week.

The tentative weekly schedule will be provided on ECTV or you may call the Public Works department at 692-7535.

Periodically, during this work, you may experience cloudy or discolored water, lower than usual water pressure, and the possibility of air in your water lines.

This annual maintenance program is very imported. It helps to ensure the delivery of high-quality water to homes and businesses. We also check fire hydrants operation to help maintain public safety.
