ST. LOUIS - [The Foot & Ankle Center](#), through Dr. Louis Aquino D.P.M FACFAS, is donating 1,000 women's shoes to [WIN Warehouse](#), a public charity that connects nonprofit organizations with corporate excess inventory.

“One of the main things The Foot & Ankle Center wants to provide this city with is support for their feet,” said Dr. Aquino. “We’re confident in WIN Warehouse’s ability to distribute each and every pair of the 1,000 women’s shoes to nonprofit organizations who will know just what to do with them.”

The Foot & Ankle Center has been providing their patients with individualized treatments since 1989. WIN Warehouse was founded in 1991 and serves nonprofits around the world and some of the most forward-thinking corporate donors in the U.S.

“There are a lot of nonprofits who are looking to make an impact in the St. Louis community with this kind of donation,” said Travis Laws, president of WIN Warehouse. “We truly appreciate the generosity of the doctors at the Foot & Ankle Center who are giving some folks a chance to own a brand-new pair of shoes.”
