

Bristow Promotes New ‘Get Hired Illinois’ Platform

June 2 2020 9:11 AM

ALTON, Ill. – State Rep. Monica Bristow, D-Alton, is promoting a new Get Hired Illinois program from the Illinois Department of Commerce and Economic Opportunity and Illinois Department of Employment Security. This program will help connect employers and job seekers with opportunities for job and career development across the state.

“The new Get Hired Illinois platform will help lay the groundwork to getting job seekers back to work and the economy on track,” said Bristow. “It’s essential that as our economy begins opening back up, that both employers and job seekers have the resources they need to return to normal.”

The Get Hired Illinois portal is a collection of both IDES and DCEO information and resources to give job seekers and employers a single platform to find unemployment resources and job opportunities. The page will allow for employers to upload jobs, host virtual career fairs, and training opportunities. The new portal already features nearly 60,000 jobs across various industries. Visit the new Get Hired Illinois Website at www.illinois.gov/gethired.

“Although the COVID-19 outbreak has setback numerous employers and workers, this platform will help put our economy work toward recovery,” said Bristow. “I encourage anyone who is looking for employment to visit the new Get Hired Illinois website and find resources and job opportunities.”
