- Montgomery County: 2 males 80s
- St. Clair County: 1 male 60s
- Williamson County: 1 male 70s
- Winnebago County: 1 female 70s, 1 male 70s

Currently, IDPH is reporting a total of 173,731 cases, including 7,446 deaths, in 102 counties in Illinois. The age of cases ranges from younger than one to older than 100 years. Within the past 24 hours, laboratories have reported 28,331 specimens for a total of 2,570,465. The preliminary seven-day statewide positivity for cases as a percent of total test from July 21 –July 27 is 3.8%. As of last night, 1,383 people in Illinois were reported to be in the hospital with COVID-19. Of those, 329 patients were in the ICU and 128 patients with COVID-19 were on ventilators.

Following guidance from the Centers for Disease Control and Prevention, IDPH is now reporting both confirmed and probable cases and deaths on its website. Reporting probable cases will help show the potential burden of COVID-19 illness and efficacy of population-based non-pharmaceutical interventions. IDPH will update these data once a week.

**Public Health Officials Announce 1,231 New Confirmed Cases of Coronavirus Disease**

SPRINGFIELD – The Illinois Department of Public Health (IDPH) today announced 1,231 new confirmed cases of coronavirus disease (COVID-19) in Illinois, including 18 additional confirmed deaths.
