ST. LOUIS, MO -- Food insecurity is the inability to provide enough food to live an active, healthy life for one's household. People facing food insecurity is [predicted to rise](#) by at least five percent more in our region due to the pandemic. [St. Louis Area Foodbank](#) continues to provide more food than ever before throughout its 26-county service territory (14 in Missouri and 12 in Illinois).

The list below shows Mobile Markets available to anyone who needs a helping hand August 1-21. No ID is needed in order to receive food and other supplies. In an effort to maintain social distancing and no-contact service to keep you, the volunteers, and workers safe we ask that people who arrive by vehicle open their trunk and then stay in their vehicle. The food will then be placed in the trunk/cab. If you do not have a vehicle, please check with the organization hosting the mobile market to find out if they are accepting walk-ups.
