**IDPH Announces 1,319 New COVID-19 Cases On Monday**

The Illinois Department of Public Health (IDPH) Monday announced 1,319 new confirmed cases of coronavirus disease (COVID-19) in Illinois, including 1 additional confirmed death. On Friday, IDPH announced 2,084 new confirmed cases of COVID-19.

**IDPH Says Illinois Nears 200,000 Total Positive COVID-19 Cases**

Currently, IDPH is reporting a total of 196,948 cases, including 7,657 deaths, in 102 counties in Illinois. The age of cases ranges from younger than one to older than 100 years. Within the past 24 hours, laboratories have reported 41,362 specimens for a total of 3,147,703. The preliminary seven-day statewide positivity for cases as a percent of the total test from August 4 – August 10 is 4.1%. As of last night, 1,459 people in Illinois were reported to be in the hospital with COVID-19. Of those, 336 patients were in the ICU and 127 patients with COVID-19 were on ventilators.

Following guidance from the Centers for Disease Control and Prevention, IDPH is now reporting both confirmed and probable cases and deaths on its website. Reporting probable cases will help show the potential burden of COVID-19 illness and the efficacy of population-based non-pharmaceutical interventions. IDPH will update these data once a week.

\*All data are provisional and will change. In order to rapidly report COVID-19 information to the public, data are being reported in real-time. Information is constantly being entered into an electronic system and the number of cases and deaths can change as additional information is gathered.
