SPRINGFIELD - Illinois Secretary of State Jesse White announced that the expiration date for valid driver's licenses held by Illinois drivers who are 75 years of age or older has been extended for a period of one year past the licenses' current 2020 expiration date. As a result, drivers age 75 and older with a 2020 driver's license expiration date do not need to visit a facility to renew their driver's license until shortly before their birthday in 2021.

"I am mindful of the heightened risks associated with seniors contracting COVID-19, and that is why I have authorized this important change during this challenging and unique time," said White.

There are approximately 147,000 drivers age 75 and over with expired or expiring driver's licenses in 2020. Letters are being sent to drivers that qualify for this extension. The letter should be kept with the qualifying driver as further proof of the one-year extension. In addition, driving records on the Secretary of State's computer system have been updated to show the new 2021 expiration dates for qualified drivers, and law enforcement agencies both state and nationwide have been notified of the extended expiration dates.

In addition to being 75 of age or older, the driver must have a valid license; drivers who are suspended or revoked do not qualify for the one-year extension.

White is reminding all other drivers that expiration dates for driver's licenses/ID cards and license plate stickers have been extended until Nov. 1, 2020. As a result, expired documents will remain valid until Nov. 1 so customers under age 75 do not need to rush into Driver Services facilities, especially during hot weather.

For those customers who must visit a facility, face masks are required. In addition, these customers are asked to be patient due to heavy volume and to be prepared to wait outside in various types of weather. This is due to social distancing, which limits the number of people inside a facility at one time.

White continues to urge the public to consider using online services when possible instead of visiting a facility due to heavy customer volume. Customers who can conduct business online may go to [www.cyberdriveillinois.com](http://www.cyberdriveillinois.com) to take advantage of online services – such as renewing license plate stickers – from the comfort of their own home. People who conduct online transactions will avoid waiting in line at a facility.
