**SPRINGFIELD** – The Illinois Department of Public Health (IDPH) today reported seven additional Madison County COVID-19-related deaths, four in Macoupin County and one in Greene County in the past 24 hours.

The Madison County COVID-19-related deaths were as follows: 1 female 40s, 2 females 60s, 1 male 60s, 2 females 80s, 1 male 80s. In Macoupin County, the COVID-related deaths were: 3 females 60s, 1 female 80s; Greene County had the following death: 1 male in the 70s.

There were 206 total new COVID-19 cases in Madison County on Tuesday, December 8. The seven-day positivity rate is 15.71 percent in Madison County. There have been 290 COVID-19-related deaths in Madison County and 16,150 total COVID-19 cases.

The positivity rate is the percentage of people who test positive for the COVID-19 virus of those overall who have been tested. As more and more are being tested, the focus is shifting to the positivity rate - how many of those tested were actually infected.

There have been 2,642 COVID-19 cases in Macoupin County and 31 deaths. In Jersey, there has been 1,555 COVID-19 cases and 23 deaths, Greene County has had 961 positive cases and 29 deaths. Calhoun has had 313 cases and one death. St. Clair County has had 15,499 COVID-19 cases and 276 deaths.

IDPH announced 8,256 new confirmed and probable cases of coronavirus disease (COVID-19) in Illinois in the past 24 hours, including 179 additional deaths.
