SPRINGFIELD – The Illinois Department of Public Health (IDPH) today reported COVID-19-related deaths in three area counties - Madison, Macoupin, and Jersey.

Gov. J.B. Pritzker said Thursday if all mitigation metrics continue to improve, Region 4 will move into Tier 2 on Friday, January 22, 2021. Region 4 presently has had 11 consecutive days under the 12 percent positivity test average. On Monday, January 18, the positivity rate was 8.4 percent. Since January 15, 2021, Region 4 has had multiple days under 9 percent in the 8 percent range.

The positivity rate is the percentage of people who test positive for the COVID-19 virus of those overall who have been tested.

**The area COVID-19-related deaths were as follows:**

Madison County: 1 male 50s, 1 female 90s; Macoupin County: 1 female 80s, 1 female 90s; and Jersey County: 1 female 70s.

Currently, IDPH is reporting a total of 1,086,333 cases, including 18,520 deaths, in 102 counties in Illinois. The age of cases ranges from younger than one to older than 100 years. Within the past 24 hours, laboratories have reported 99,036 specimens for a total 15,083,685. As of last night, 3,281 in Illinois were reported to be in the hospital with COVID-19. Of those, 662 patients were in the ICU and 358 patients with COVID-19 were on ventilators.

The preliminary seven-day statewide positivity for cases as a percent of total test from January 14–20, 2021 is 5.4%. The preliminary seven-day statewide test positivity from January 14–20, 2021 is 6.5%.

As of last night, 901,025 doses of vaccine have been delivered to providers in Illinois, including Chicago. In addition, approximately 524,050 doses have been allocated to the federal government's Pharmacy Partnership Program for long-term care facilities. This brings the total Illinois doses to 1,425,075. IDPH is currently reporting a total of 572,389 vaccines administered, including 90,752 for long-term care facilities. Yesterday, a total of 34,649 doses were administered. The 7-day rolling average of vaccines administered daily is 22,585 doses.

IDPH on Thursday announced 4,979 new confirmed and probable cases of coronavirus disease (COVID-19) in the past 24 hours in Illinois, including 123 additional deaths.
