

Centerstone To Host Free, Virtual Adverse Childhood Experiences Training On March 10

March 2 2021 9:00 AM

Adverse Childhood Experiences

Free virtual training • CEUs available

March 10
10-11:30 a.m.

FREE training on Zoom
CEUs available

*This training has **1.5 hours** of continuing education approved for IL LCPC / LPC, IL LCSW / LSW, and IL Nursing (LPN, RN, APN) under IDFPR Professional Counselor CE License No. 197000263 and IDFPR Nurse CE Sponsor License No. 236.000184*

This training will discuss adverse childhood experiences (ACEs), provide practical information on how these experiences can impact individuals' wellness throughout the lifespan and review risk factors associated with ACEs and the role of protective factors.

Objectives:

1. Identify common adverse childhood experiences
2. Increase knowledge of adverse childhood experiences, resiliency, and protective factors
3. Discuss the role of protective factors in resiliency
4. Increase knowledge of resources for ACEs
5. Increase knowledge of ACEs related to wellness

Presenter: Amber Anderson, the Southern Region Prevention Specialist with Prevent Child Abuse Illinois.

About Centerstone

Centerstone is a not-for-profit health system providing mental health and substance use disorder treatments. Services are available nationally through the operation of outpatient clinics, residential programs, the use of telehealth and an inpatient hospital. Centerstone also features specialized programs for the military community, therapeutic foster care, children's services and employee assistance programs. Centerstone's Research Institute provides guidance through research and technology, leveraging the best practices for use in all our communities. Centerstone's Foundation secures philanthropic resources to support the work and mission of delivering care that changes people's lives.

WEST FRANKFORT – Centerstone, a national leader in behavioral health care, will host a free, virtual Adverse Childhood Experiences training on March 10 from 10-11:30 a.m.

The training will cover ACEs, provide practical information on how these experiences can affect individuals' wellness throughout the lifespan and review risk factors associated with ACEs and the role of protective factors.

Objectives of the training include:

- Identify common adverse childhood experiences
- Increase knowledge of adverse childhood experiences, resiliency, and protective factors
- Discuss the role of protective factors in resiliency
- Increase knowledge of resources for ACEs
- Increase knowledge of ACEs related to wellness

The presenter of the training will be Amber Anderson, the prevention specialist with Prevent Child Abuse Illinois.

This training has 1.5 hours of continuing education approved for IL LCPC / LPC, IL LCSW / LSW, and IL Nursing (LPN, RN, APN) under IDFPR Professional Counselor CE License No. 197.000263 and IDFPR Nurse CE Sponsor License No. 236.000184.

This training is sponsored by Centerstone's Trauma, Treatment and Training (CT3) program.

Other CT3 training events in 2021 include:

- March 10 – Adverse Childhood Experiences (ACEs)
- March 31 – Secondary Trauma
- April 7 – Child Abuse Prevention
- April 28 – Stewards of Children
- May 26 – The Effects of Domestic Violence on Children
- June 30 – ACEs
- July 28 – Trauma 101
- Aug 25 – Childhood Trauma
- Sept 29 – Stewards of Children
- Oct 27 – The Effects of Domestic Violence on Children
- Nov 10 – Secondary Trauma
- Dec 8 – Trauma 101

“CT3’s aim is to increase access to trauma-focused treatment for children, adolescents and their families who have experienced traumatic events, including children and adolescents involved in the juvenile justice system and children of veterans,” said Ragan, CT3 Trauma Training and Care Coordinator.

The counties covered in the CT3 program include Franklin, Jackson, Madison, Perry, Randolph, St. Clair, Union, Washington and Williamson.

CT3 services include:

- Direct trauma and treatment services
- Therapy
- Care management
- Professional training and community education
- Outreach and engagement
- Screening and assessment
- Linkages to services and supports

CT3 develops and maintains local capacity to implement trauma-informed practices and provide evidence-based, informed trauma treatment interventions. The goals of the program are:

- Establish a community-based, culturally competent, quality, accessible program to provide and increase access to effective trauma focused treatment and services systems for children, adolescents, and their families who witness or experience traumatic events.
- Develop a sound infrastructure and increase community capacity to implement trauma-informed services for the focus population.
- Improve the health status and outcomes for young children – ages 2 to 9 years old, adolescents – ages 10 to 17 years old, and families as measured at intake, 6 months and discharge follow-up.
- Develop and disseminate a thoroughly documented model with measurable objectives for statewide and national replication and adoption.
