SPRINGFIELD – The Illinois Department of Public Health (IDPH) today reported another new COVID-19-related death in Madison and St. Clair County and 3,790 new confirmed and probable cases of coronavirus disease (COVID-19) in Illinois. There were 28 additional deaths announced over the past 24 hours.

A man in his 70s lost his life due to COVID-19-related complications and a female in her 60s died due to COVID-19, IDPH said.

On a positive note, Madison County's seven-day positivity rate has dipped to 4.74 percent.

The positivity rate is the percentage of people who test positive for the COVID-19 virus of those overall who have been tested.

There has been a total of 28,891 confirmed COVID-19 cases in Madison County and 483 deaths to date.

**This is the statewide list of COVID-19-related deaths in the past 24 hours statewide:**
