EDWARDSVILLE - Madison County Health Department (MCHD) announces that their COVID-19 vaccination clinics now accept walk-ins. Appointments are preferred to help with planning but walk-ins are now welcome. The need has been identified to add this option since some people need that flexibility.

This week, there are many appointments available at our mass vaccination site at the Gateway Convention Center in Collinsville as well as enough staff and vaccine to also accommodate anyone who would like to walk-in for their vaccine. On Tuesday, April 27th, the Collinsville site will hold early hours beginning at 8:30am and on Thursday, April 29th the Collinsville site will hold late hours until 6:00pm. All Collinsville clinic site times are open for scheduled appointments and for walk-ins.

Anyone who is 16 or older is eligible for the COVID-19 vaccine.
