

Madison County Adds School District Locations as Vaccine Clinic Sites

May 26 2021 10:53 AM

EDWARDSVILLE - Madison County Health Department (MCHD) announces that their COVID-19 vaccination clinics are expanding again. 11 of 13 districts will host vaccine clinic sites within their district. The first school district clinic was in Madison at Long Elementary School on May 15th with 92 people being vaccinated of which 34 were under 18 years old. Yesterday, MCHD conducted a clinic at Granite City High School with 204 people getting vaccinated including 125 people under the age of 18.

Since May 13th when MCHD began vaccinating 12-15 year olds, 13th-May 24th, MCHD vaccinated 1,126 people ages 12-15. Since the beginning of vaccinations through yesterday, MCHD has vaccinated 2,632 people ages 16-17, and 1,126 people ages 12-15.

The School District Clinic Locations are open to the public regardless of where you live, work, or attend school. Each site will have the Pfizer vaccine. Anyone who is 12 and older is eligible to receive the vaccine (12-17 y/o must have a parent/guardian with them). Appointments preferred, walk-ins welcome. School District Location Clinics are currently set through early July with 2 different dates per site. Each School District Location Clinic is open 3:30pm-7:30pm. Long Elementary School in Madison has their second clinic on Saturday, June 5th which operates 11am-5pm.

The COVID-19 Pfizer-BioNTech vaccine is the only one approved for vaccinations of 12-17 year olds. Minors (12-17 years old) must be accompanied by a parent or guardian. Minors do not need an ID or birth certificate; however, the parent or guardian will be asked to show their ID. The COVID-19 Moderna and Janssen (Johnson & Johnson) vaccines are only approved for those who are 18 and older.
