MILWAUKEE - FBI Special Agent in Charge (SAC) of the Milwaukee Field Office Robert E. Hughes and Jeffrey B. Norman, acting chief of the Milwaukee Police Department (MPD), announced the addition of a suspect wanted for double homicides and multiple attempted homicides in Milwaukee to the FBI's list of Ten Most Wanted Fugitives today. Fugitive Octaviano Juarez-Corro marks the 525th addition to the Top Ten list, which has been in existence since 1950.

On May 29, 2006, Juarez-Corro allegedly shot and killed two individuals and wounded three others at a large holiday picnic in Milwaukee, Wisconsin.

Authorities allege that Juarez-Corro entered South Shore Park on the banks of Lake Michigan, where hundreds of people were gathered for a Memorial Day picnic, including many families with children—among them Juarez-Corro's estranged wife and their 3-year-old daughter. Juarez-Corro, who was an uninvited guest, caused a commotion and demanded to see his daughter. His wife informed him that he was not allowed to see his daughter that day and demanded that he leave. Juarez-Corro then became agitated and shortly thereafter produced a handgun from his waistband and shot at his estranged wife, as well as her family and friends. In total five people were shot, two of which were fatally wounded.

Juarez-Corro left the park after the shooting, he remains at large and should be considered armed and dangerous.

The FBI is offering a reward of up to \$100,000 for information leading directly to the arrest of Octaviano Juarez-Corro.
