EDWARDSVILLE - SIUE women's soccer Head Coach [Derek Burton](#) announced the addition of seven student-athletes who have signed National Letters of Intent to join the program in the 2022-23 academic year. Signing NLIs with the Cougars are Macie Begley (O'Fallon, Mo.), Savannah DeFini (Gretna, Neb.), Sydney Lane (Edwardsville), Aleah Minehart (Kalamazoo, Mich.), Allie Fishering (Lake St. Louis, Mo.), Abby Haskell (Naperville, Ill.), and Taryn Moore (Wildwood, Mo.).

"The 2022 class is an exciting group of players," said Burton. "This is a diverse group with high level youth experience and a ton of quality coaching through their formative years. We're excited about the variety of playing characteristics this class brings with it, across all positions. This group had real challenges pursuing their college soccer dreams - through a pandemic and a mandatory Dead Period, through stretches of time that are usually critical in being recruited. I think it's a glimpse into who they are as people that they persevered, along with great parental support, to go after what they wanted in the next stage of their careers. That drive and ability to set goals and go after them is a foundation for success in our program."

Whether she's at center back or in the midfield, she has a high level read of the game and is a player that makes good decisions with the ball. She can be an effective pivot player and we're looking forward to her ability to help us get possession of the ball and get the ball moving as well.
