SPRINGFIELD - Madison County will be the recipient of more than \$68,000 in the 2022 Small Equipment Grant Program. Calhoun, Greene, Macoupin and St. Clair counties will also receive funding that is listed below.

The Office of the Illinois State Fire Marshal (OSFM) announced today the recipients of the 2022 Small Equipment Grant Program. A total of \$2.5 million was awarded to 104 fire departments/districts and EMS providers across the state. The program was

established to provide grants of up to \$26,000 each for the purchase of small firefighting and ambulance equipment.

“All communities deserve safety, and this program helps ensure our smaller and rural fire districts aren’t left behind when it comes to the tools they need to do their jobs,” said Governor JB Pritzker. “I’m proud to be able to provide more than 100 districts with new lifesaving equipment. It’s another way we can demonstrate our gratitude for all that they do to help their neighbors live safely.” These were the grants for the region:

Madison County:

Hamel Community Fire Protection District- \$22,665.70

Marine Community Fire Protection District- \$26,000

Meadowbrook Fire Department- \$19,546.16

Calhoun County:

North Calhoun Fire Protection District- \$25,011

Greene County

Carrolton Fire Protection District- \$19,900

Macoupin County:

Staunton Area Ambulance Service- \$16,732.48

St. Clair:

Church Road Fire Protection District- \$25,908.56

Midway Fire Protection District- \$26,000

Millstadt Fire Protection District- \$26,000

Prairie Du Pont Fire Protection District- \$25,825.25

St. Libory Fire Department- \$25,100

This program is an innovative approach to a problem that has long caused difficulties for fire departments and not-for profit ambulance services in Illinois, particularly those that have hardships in generating the necessary revenue for small equipment. The purpose is to allow eligible applicants the opportunity to purchase small equipment that they may otherwise not be able to purchase. The OSFM received 373 applications, requesting around \$8.4 million in funding for this grant period.

“Funding provided from our Small Equipment Grant Program is a huge benefit, especially to our rural volunteer departments in the state. These funds allow departments to purchase important equipment their firefighters/EMT’s need to work more effectively and safely while protecting the lives and property of their community members,” said Illinois State Fire Marshal Matt Perez.

“Grant programs, such as the State Fire Marshal’s Small Equipment Grant, are vital to rural volunteer departments like ours. These funds allow us to purchase equipment that we might not have been able to afford, allowing our firefighters and EMT’s to continue providing the service our community has come to expect,” said Bethany Fire Protection District Chief Mike Jennings. By upgrading our SCBA filling station, this will allow us to accommodate our mutual aid departments who we rely on due to staffing shortages.” “The Small Equipment Grant Program is one of the best investments the Fire Marshal's Office can offer. It gives a financial incentive to many small fire departments, that struggle with the costs of all the needed equipment each fire department is required to have so they may operate safely,” said Carrier Mills Mayor Tracy Felty.

Most Illinois fire departments, fire protections districts, township fire departments, and stand-alone, nonprofit ambulance service providers were eligible to apply. All fire departments, fire protections districts and township fire department applicants were required to have participated in the National Fire Incident Reporting System (NFIRS) for a minimum of two years prior to applying.

The remaining grant recipients and awards are listed below:

Adams:

Loraine Fire Protection District- \$26,000

Ursa Fire Protection District- \$17,165

Alexander:

Tamms Volunteer Fire Department- \$26,000
