ST. LOUIS - [Susan G. Komen](#)[®], the world's leading breast cancer organization, today announced that it will hold a MORE THAN PINK Walk in St. Louis on Saturday, June 11, 2022, at Tower Grove Park.

“We are excited to welcome Walk participants in person this year and grateful for the opportunity to provide a community for anyone who has been impacted by breast cancer. Whether you are in treatment, celebrating survivorship, or a family member, friend or loved one, we hope you will join us in June and be part of our collective efforts to end breast cancer forever,” said Dawna Currigan, Director of Development of Missouri, and Kansas at Susan G. Komen.

All members of our breast cancer community honoring friends, family and anyone who has been impacted by the disease are welcome. The MORE THAN PINK Walk is a day where the Greater St. Louis area comes together to find a cure for breast cancer by raising funds through registrations and sponsorships - giving more individuals who are impacted by the disease access to resources and the support they need now.
