

# Blood And Platelet Donors Needed Around Fourth Of July

June 22 2022 9:22 AM

CAPE GIRARDEAU, MO. — As summer officially begins and people gather for holiday celebrations, the American Red Cross reminds communities that patients are counting now on the generosity of blood and platelet donors, especially around the Fourth of July.

The Red Cross sees about a 21% decline in blood and platelet donations during holiday weeks, including Independence Day. When blood donations drop, so does the blood supply, making it extremely challenging to ensure blood is available when hospitals need it.

By scheduling and keeping appointments in July, donors can help provide for those in immediate need of lifesaving care. To schedule an appointment to donate, download the Red Cross Blood Donor App, visit [RedCrossBlood.org](https://www.redcrossblood.org), or call 1-800-RED CROSS (1-800-733-2767).

As a thank-you for helping, all those who come to give June 30-July 10 will receive an exclusive Red Cross recycled cotton tote bag, while supplies last.

## Health insights for donors

At a time when health information has never been more important, the Red Cross is screening all blood, platelet and plasma donations from self-identified African American donors for the sickle cell trait. This additional screening will provide Black donors with an additional health insight and help the Red Cross identify compatible blood types more quickly to help patients with sickle cell disease. Blood transfusion is an essential treatment for those with sickle cell disease, and blood donations from individuals of the same race, ethnicity and blood type have a unique ability to help patients fighting sickle cell disease.

Donors can expect to receive sickle cell trait screening results, if applicable, within one to two weeks through the Red Cross Blood Donor App and the online donor portal at [RedCrossBlood.org](https://RedCrossBlood.org).

## Blood drive safety

The Red Cross follows a high standard of safety and infection control. The Red Cross will continue to socially distance wherever possible at blood drives, donation centers and facilities. While donors are no longer required to wear a face mask, individuals may choose to continue to wear a mask for any reason. The Red Cross will also adhere to more stringent face mask requirements per state and/or local guidance, or at the request

of blood drive sponsors. Donors are asked to schedule an appointment prior to arriving at a drive.

## **How to donate blood**

Simply download the American Red Cross Blood Donor App, visit [RedCrossBlood.org](https://www.RedCrossBlood.org), call 1-800-RED CROSS (1-800-733-2767) or enable the Blood Donor Skill on any Alexa Echo device to make an appointment or for more information. All blood types are needed to ensure a reliable supply for patients. A blood donor card or driver's license or two other forms of identification are required at check-in. Individuals who are 17 years of age in most states (16 with parental consent where allowed by state law), weigh at least 110 pounds and are in generally good health may be eligible to donate blood. High school students and other donors 18 years of age and younger also have to meet certain height and weight requirements.

Blood and platelet donors can save time at their next donation by using RapidPass<sup>®</sup> to complete their pre-donation reading and health history questionnaire online, on the day of their donation, before arriving at the blood drive. To get started, follow the instructions at [RedCrossBlood.org/RapidPass](https://www.RedCrossBlood.org/RapidPass) or use the Blood Donor App.

## ***About the American Red Cross:***

*The American Red Cross shelters, feeds and provides comfort to victims of disasters; supplies about 40% of the nation's blood; teaches skills that save lives; distributes international humanitarian aid; and supports veterans, military members and their families. The Red Cross is a nonprofit organization that depends on volunteers and the generosity of the American public to deliver its mission.
