GRAFTON – The wait is over. The new Mississippi Monster opened at Raging Rivers Waterpark last Saturday, July 9.

Guests will see this giant main attraction at the top of a hill as they enter the park. The new super-slide features three hidden chambers to speed down, splashing and spraying through the enclosed tubes before an exhilarating final splash.

“We are thrilled to open the Mississippi Monster for our guests to enjoy, Corporate Director of Operations Ken Handler. “This new slide adds a new level of thrills to our collection of family fun attractions.”

The park has made numerous improvements to the guest experience this season, including adding more shade structures, free seating, new food options, expedited food lines, and reopening the River Grille. Guests can also join fun-filled games offered by the park’s entertainment team or kick back and enjoy the show.
