GLEN CARBON - Girl Scouts of Southern Illinois (GSofSI) is excited about a \$5,000 grant for an upcoming six-week program and said it looks forward to partnering with American Water to deliver a new STEAM (STEM + Art) learning series.

"Thanks to a \$5,000 grant from American Water, Girl Scouts program and community outreach staff will host a six-week program titled, "It's Your Planet – Love It!" for K-5 students in East St. Louis, Cahokia, and Belleville," the Girl Scouts said.

"Girl Scouts there will learn about water conservation, water management, watersheds, hydroelectric power, and more."
