

A View Of Godfrey and Elsau Township After Snowfall Wednesday

by Seth Steinacher, Videographer/Drone Pilot
January 25 2023 10:22 AM

GODFREY - This is a drone view of around rural Elsah Township and also photos in Godfrey around Lewis and Clark Community College and the rest of the community on Wednesday morning.

The snow started to taper around 9 a.m. and roads throughout Godfrey were clear.

Travel should not be hampered around the region Wednesday.
