

# Red Cross Needs Thousands Of Additional Blood Donations To Replenish Supply

October 14 2023 7:35 AM

**ST. LOUIS** — Since announcing a national blood and platelet shortage a month ago, thousands of donors across the country have rolled up a sleeves to help rebuild the American Red Cross blood and platelet supply.

Donors have been stepping up to help rebuild the blood supply since the American Red Cross first announced our national blood and platelet shortage last month.

"Unfortunately, hospital demand continues to outpace donations," Sharon Watson, Regional Communications Director for the Red Cross, said on Friday. "We need an additional 10,000 blood and platelet donations each week over the next month to meet patient needs.

"The Red Cross is working around-the-clock to ensure patients have access to lifesaving transfusions and must collect 10,000 additional blood and platelet donations – over and above expectations – each week over the next month to sufficiently meet hospital needs. Donors of all blood types are urged to book a time to give now, especially those with type O blood or those giving platelets."

In thanks for helping, all who come to give Oct. 21-Nov. 9 will receive a \$10 gift card by email to a restaurant merchant of their choice to enjoy lunch on the Red Cross. They will also be automatically entered to win a \$5,000 gift card. There will be three lucky winners – one chosen at random each week. Details are available at [RedCrossBlood.org/Lunch](https://www.redcrossblood.org/Lunch).

**Don't wait – patients are counting on critical care this fall. To make an appointment, use the Red Cross Blood Donor App, visit [RedCrossBlood.org](https://www.redcrossblood.org) or call 1-800-RED CROSS (1-800-733-2767).**

### **Flu and COVID-19 vaccines don't affect donor eligibility**

As cold and flu season quickly approaches, the Red Cross is reminding donors that they can still give blood or platelets after receiving a flu vaccine, so long as they are feeling healthy and well on the day of their donation. Likewise, there is no deferral or wait time for those receiving the updated COVID-19 vaccine.

## **How to donate blood**

A blood donor card or driver's license or two other forms of identification are required at check-in. Individuals who are 17 years of age in most states (16 with parental consent where allowed by state law), weigh at least 110 pounds and are in generally good health may be eligible to donate blood. High school students and other donors 18 years of age and younger also have to meet certain height and weight requirements.

## ***About the American Red Cross:***

*The American Red Cross shelters, feeds and provides comfort to victims of disasters; supplies about 40% of the nation's blood; teaches skills that save lives; distributes international humanitarian aid; and supports veterans, military members and their families. The Red Cross is a nonprofit organization that depends on volunteers and the generosity of the American public to deliver its mission.
