CHICAGO – Illinois Lottery players have two chances to win two massive jackpots this weekend, with a combined prize total of \$1.2 billion.

The Mega Millions jackpot for tonight's drawing is now a whopping \$687 million – the sixth largest in the game's history. The jackpot was last won on Dec 8, 2023 when two winners in California matched all six numbers to take home the \$395 million prize.

And the Powerball jackpot for Saturday night's drawing has soared to \$521 million. The Powerball jackpot was last won on New Year's Day, January 1, 2024, when a lottery player in Michigan took home the grand prize worth a cool \$842 million – the 10th largest jackpot in U.S. lottery history.
