GODFREY – Lewis and Clark Community College’s Corporate and Community Learning division invites children to experience a summer of fun in the College for Kids program.

College for Kids is an academic enrichment program designed to keep young minds active this summer as they engage, connect and learn. It offers more than 80 different

classes for children ages 3 to 15 in Godfrey, Alton, Edwardsville, Bethalto and surrounding communities. New classes begin each week in June and July.

“Our goal is to support the mission of Lewis and Clark by empowering the minds of the next generation through College for Kids programming,” said Dawn Zedolek, program coordinator.

The program boasts a wide variety of classes for all ages and interests, including returning favorites like Kids Swim, Lewis & Clark Junior Explorers, Shining Stars Little Theater, Pet Detectives and Minecraft Designers.

Many new classes being offered this summer include Junior Handyman Camp, Survivor: Riverlands, Kids and Canvas, Brain Games Math, Make Your Own TV Commercial, Minecraft Modders, Chocolate Creations and Sports Fit Boot Camp.

“I think what makes the College for Kids program unique is the wide variety of learning opportunities available,” Zedolek said. “We are also proud of our instructors. They bring a great deal of experience and enthusiasm into each classroom.”
