Summers Port's depth was a key factor as the Sharks emerged victorious in the Southwestern Illinois Swimming Association Relay Championship meet Monday night at Edwardsville's Sunset Hills Country Club.

The Sharks won 29 of the scheduled 52 events on the evening to top second-place Paddlers of Granite City, Summers Port scoring 299 points to Paddlers' 221. Water Works of Edwardsville took third with 179 points, Splash City of Collinsville was fourth with 160 points and the host Stingrays of Sunset Hills were fifth with 115 points. Water Works had 10 wins on the night, Splash City seven, Paddlers four and Sunset Hills one.

“We saw some things we still need to work on,” said Summers Port coach Nancy Miller, “but we have a lot of depth on our team and that helped us tonight.

“Our older swimmers were very strong and they helped us pull through tonight. I'm very pleased with how we did.”

For Water Works, Monday's meet was their first of the year after having two of their scheduled dual meets rained out (the rainout against Splash City will be made up Thursday, while last week's rainout against Summers Port will not be rescheduled), and Water Works coach David Albers was pleased with the team's performance.

“We did well,” Albers said. “We did find stuff we need to work on, but I was impressed with our younger swimmers (8 and under and 9-10s). We competed at a good level and we were just excited just to get out there and compete for the first time.

“Our older kids did very well too. That we actually got out there for a meet, that was good.”

Sunset Hills' last-place finish wasn't the main focus for their coach, Drew May. “We wanted to have the kids get out there and have fun,” May said. “It gave us the chance to compete and have a fun time. We do need some work on our breaststroke technique; we've spent time on it in practice and there's a few habits we need to break, but overall, we're good.”

“We were just glad the kids had fun,” added Sunset Hills assistant coach Jenny Diest. “We wanted them to do their best and we want to create a team culture.”
