

St. John's support groups provide opportunities for caregivers

August 4 2015 1:45 PM

St. John's support groups provide opportunities for families and friends caring for an aging loved one to discuss their concerns and uncertainties, as well as find resources to help regain a sense of balance and hope. We also provide information about helpful coping techniques and resources to make your job as caregiver a little less stressful. The sessions allow you to listen and discuss common issues with the group, leaving you with more understanding and a sense that you are not alone. There is no charge to attend.
