

Barbecue Benefit for **Grover "Kenny" and Lisa (Chulka) Webb**

Saturday, Aug. 1: 12 - 6 p.m.

Holy Cross Lutheran Church, 460 Church Street, Livingston IL

BARBECUE MENU: Pork steaks, bratwurst, hot dogs, and sides. Dine in or carry out.

In January of this year, Kenny contracted Guillain Barre Syndrome (GBS,) a rare autoimmune condition affecting the nervous system. Kenny was initially paralyzed and hospitalized for 69 days. He has returned home, and is undergoing intensive therapy, which has greatly improved his mobility and strength. But he has a long road ahead of him, and there is no cure for GBS.

Kenny's wife is Livingston native Lisa Chulka. Her husband is unable to work, and she gave up her job to be his full-time caretaker. Any assistance to the family will be greatly appreciated.
